Problem Solving using Python - Week 13

Why Version Control?

Goals

Not to make pros, but to make sure you understand how it works

While I rant, who here doesn't have a Github account?

History

Created by Linus Torvalds in one week.

Linus Torvalds (about himself):

I'm a bastard. I have absolutely no clue why people can ever think otherwise. Yet they do. People think I'm a nice guy, and the fact is that I'm a scheming, conniving bastard who doesn't care for any hurt feelings or lost hours of work if it just results in what I consider to be a better system.

Git Interface Sucks

We have to accept it :(
